FRS60 Flat Roof Mounting System

➤ PV mounting made easy

FRS60 Flat Roof Mounting system

- No roof penetration
- Low ballast
- Low inclination at 15°, allowing for more modules per m²
- Short installation time –20% less than comparable systems

FRS60 is very easy to install:

1. Position FRS60 on the roof
2. Apply ballast as needed
3. Fix mounting rails
4. Mount modules

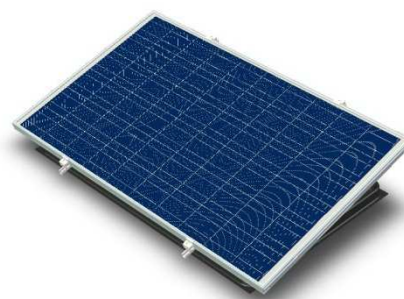

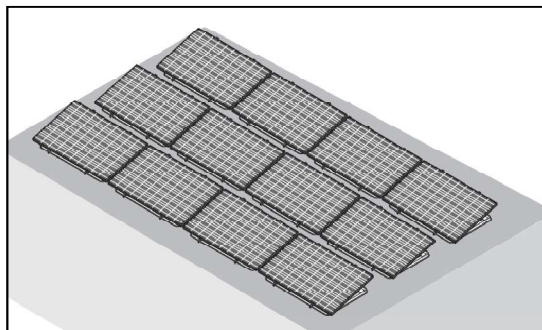

Materials & dimensions

FRS60 is made from UV stabilized HDPE and fitted with durable aluminium mounting rails and clamps. Combined with our certified quality control this results in a durable product with a long lifetime.

FRS60 is suitable for PV modules with dimensions from 700x800 up to 1000x1700mm, and a frame thickness range from 32 up to 50mm.

Warranty

Ubbink gives a 10 year product warranty provided the FRS60 is properly installed.
