

# LANmark-OF Splice Cassettes

## LANmark-OF Splice Cassette Cover

**Aginode Ref.:** N890.092

- Splice cassette cover
- Large splice cassette

### DESCRIPTION

Family of patch panel accessories for termination of cable when using fusion splicing techniques.

The cassette protects the fusion splices and holds them in position.

The Aginode fibre panels can hold up to 4 splice cassettes and only the top splice cassette needs a cover.

The large splice cassettes (N890.090, N890.091 and N890.092) can be installed in the LANmark-OF patch panels (N439.\*) and LANSense-OF sliding preloaded patch panels (N883.2B\*).

These splice cassettes are fixed to each other at the back of the cassettes with the provided hinges. This feature facilitates the inspection after installation since the cassettes can be lifted and tilted.

You may see a combination of brands on documents or products during the transition.

### STANDARDS

International ISO/IEC 11801
