CERTIFICATE OF CONFORMITY

A) This is to certify, that all tools, as under mentioned articles are manufactured in accordance with the standards requested DIN EN 60900, i.e. \triangle 1000V + VDE GS:

109192	combination pliers
209168, 209182	side cutters
250139, 250177, 250191, 250221, 250245	single ended spanners
299206	power side cutters
609203, 629201	snipe nose pliers (straight and bent 45°)

B) The following articles are manufactured with double triangle 1000 V \triangle (Without VDE-GS sign) because for these articles we do not have the VDE certificate. However, we confirm that these articles are manufactured in accordance to the standards requested DIN EN 60900 = 1000V + \triangle :

408165	plastic clamp
889247	water pump pliers

C) The following articles are without any 1000V marking: none

We certify that all above-mentioned articles are produced in accordance to the standards requested DIN EN 60900, i.e. \triangle , 1000V_{AC}.

Each tool is tested 10.000V_{AC}. (Except articles mentioned under C)

We confirm that the aforementioned statements are in accordance to the facts.

Remscheid, 07th November, 2022
